

PROFILE 3000™

UNIVERSAL SIZE BOUFFANT CAP

PBC

Profile™ bouffant caps are designed for use in the cleanroom and pharmaceutical industries. This multi-use product offers excellent coverage in a wide variety of working environments.

Our bouffant cap is constructed in soft, lightweight, non-woven polypropylene material which gives ventilation to the user but aids in the resistance of chemicals and helps to repel liquids. The cap is has double elasticated stitching to provide excellent strength and protection for the user. Together with the non-linting nature of the material our bouffant cap is comfortable to wear and will contribute to a cleaner, reduced particulate, work-space.

Suitable for use in: Cleanrooms, laboratories, dentistry, pharmacies, manufacturing and food industry. This product is available in white and one universal size.
